New Product Launch Announcement

Autocall TrueAlert ES Notification Appliance Enhancements

Completing our Family of Revolutionary Addressable Notification Appliances

We are excited to announce the release of the final group of Autocall TrueAlert ES addressable notification appliances. These ceiling-mounted, weatherproof appliances complete the product line and ensure that you now have all the options you need to provide your customers with a fully addressable notification appliance solution for their entire facility.

New Products Included in this Launch:

One new ceiling-mounted, weatherproof audible appliance:

- **A49AO-APPLC-O**
- This appliance is compatible with the entire range of existing Ceiling WP Speaker Only appliance covers (see the Appendix of this bulletin for a complete list of numbers)

Two new ceiling-mounted, weatherproof visual appliances:

- **A49VOH-APPLC-O**
- **A49VOH-APPLC-CO** (For Canadian markets)
- These appliances are compatible with the entire range of new Ceiling WP Visual Only appliance covers (see the Appendix of this bulletin for a complete list of numbers)

Two new ceiling-mounted WP audible-visual appliance:
- **A49AVH-APPLC-O**
- **A49AVH-APPLC-CO** (For Canadian markets)
- These appliances are compatible with the entire range of existing Weatherproof Speaker Visual 4900 series appliance covers (see the Appendix of this bulletin for a complete list of numbers)

Marketing Collateral

An array of marketing materials have been developed to support sales of Autocall TrueAlert ES Addressable Notification, including brochures and sales presentations.

Log into the web site (www.Autocall.com) with your account credentials then visit the TrueAlert ES [Addressable Notification Appliances page](#) to see the list of available marketing collateral.

You can also visit the Sales Resources section in the dealer area Autocall web site and filter the content by "marketing collateral" to see all of the marketing resources available on the site.

Product Availability

New ES-PS Panels, NDU's and Power Supplies are in inventory and are now available for delivery.

The Appendix of this document contains a complete list of ES Net Part numbers, data sheets, and product documentation

Price File Updates

The new appliances are now available for immediate ordering. ePrice, Selection Navigator, and SmartPanel have been updated to include the new SKUs.

- ePrice users: ePrice file updates have been released and are available for download. Please update your ePrice price files to the latest version.

- Selection Navigator Users: Your Selection Navigator price book has already been updated to include all of the appliance PIDs.

Technical Documentation

A series of new data sheets and a new installation manual have been released to support these new appliances and are available for download from the Autocall web site. Please refer to the Appendix of this bulletin for a complete list.
